
CONFERENCE CHAIRMAN

Prof. dr. ing. Matei Macoveanu
Technical University, Iasi, Romania

INTERNATIONAL SCIENTIFIC COMMITTEE

Prof. dr. ing. Valentin I. Popa
Technical University, Iasi, Romania
Prof. dr., dr.h.c. Gheorghe Duca
State University Chisinau, Moldova
Prof. dr., dr. h.c. Peter A. Wilderer
Technical University of Munchen, Germany
Prof. dr. ing. Thomas Lindhqvist
IIIEE, Lund University, Sweden
Prof. dr. Anne Giroir
Claude Bernard Universite Lyon 1, France
Prof. dr. ing. Carmen Teodosiu
Technical University, Iasi, Romania
Prof. dr. Michael S. Jorgensen
Technical University of Denmark
Prof. dr.ing. Maria Gavrilescu
Technical University, Iasi, Romania
Prof. dr. Han Brezet
Delft University of Technology, The Netherlands
Prof. dr. ing. Georgeta Burtica
Politehnica University, Timisoara, Romania
Prof. dr. Ravi Jain
University of the Pacific, USA
Prof. dr.ing. Ion Balasarian
Technical University, Iasi, Romania
Prof. dr.ing. Emil Dumitriu
Technical University, Iasi, Romania
Prof. dr. Jurek Duszczak
Delft University of Technology, The Netherlands
Prof. dr. Philip Nyden
Loyola University of Chicago, USA
Assoc. Prof. dr. Eugenio Campos Ferreira
University of Minho, Portugal
Prof. dr. Yusuf Chisti
Massey University, New Zealand
Prof. dr. David Hall
University of Liverpool, United Kingdom

CONFERENCE TOPICS

The major topic of the Conference is **Sustainable Use of Natural resources**. The list of sub-topics below gives a guideline for possible contributions. Papers on other related topics will also be accepted if they fall within the objectives of the conference.

- Environmental Pollution and Monitoring
- Water Supply and Wastewater Treatment
- Air Pollution
- Solid Waste Management
- Environmental Modelling, Simulation and Optimization
- Environmental Impact and Life Cycle Assessment
- Environmental Integrated Management
- Risk Assessment and Management
- Environmental Policies
- Sustainable Production and Consumption
- **Workshops**

Conference language is English

CONFERENCE SECRETARIAT

Dr. ing. Brindusa Robu Drd. biol. Camelia Bețianu
Drd. ing. Adela Haleta Drd.ing.George Barjoveanu
Drd.ing. Corina Musteret Drd.ing. Irina Anita

REGISTRATION FORM

4th International Conference on ENVIRONMENTAL ENGINEERING AND MANAGEMENT *ICEEM/03*

SUSTAINABLE USE OF NATURAL RESOURCES

Organized by the **Department of Environmental Engineering and Management**,
Technical University of Iasi (Romania)

Supporting Partners: *Academic Organization for Environmental Engineering and Sustainable Development (OAIMDD)* and the *InterMEDIU Information, Consultancy and ODL Center*

NAME: _____

TITLE: _____

Affiliation: _____

Phone: _____

Fax: _____

E-mail : _____

The registration forms should be sent by fax to +40 232 237594, mail (CP 2111, OP 10, 700050 IASI, ROMANIA) or e-mail to brobu@ch.tuiasi.ro or gb@ch.tuiasi.ro **no later than July 01, 2007.**

• **All papers should be submitted in full format, according to the specified editorial guidelines no later than April 20, 2007 (2 copies by post and e-mail to the above addresses)**

• Accepted papers will be published in the *Environmental Engineering and Management Journal* (<http://omicron.ch.tuiasi.ro/EEMJ/>).

More information about ICEEM/04 can be found at:
www.ch.tuiasi.ro/ICEEM04

OBJECTIVES

Development in the XXI Century is a complex process that relies on different perspectives, strategies and actions, all of them important for its sustainability dimension. Action plans for sustainable development, such as Agenda 21 or the Millennium Development Goals (MDGs), adopted at the UN Millennium Summit 2000 and reaffirmed at the World Summit on Sustainable Development 2002, can only be successful if all involved stakeholders make efforts to find effective long-term solutions that link environment and natural resources with patterns of production and consumption, social development.

Multidisciplinarity, international co-operation and effective communication of the scientific, technological, educational and managerial achievements in the environmental field are of a great importance for promoting sustainable development.

Already at its 4th edition, the ICEEM conference is designed to bring together engineers, scientists and managers, active in the field of Environmental Protection, from universities, industry, local authorities, policy makers and non-governmental organizations, to discuss and analyze environmental problems, to share practical solutions and information on recent developments and to contribute to public awareness and ecological education.

CONFERENCE FEES

● **200 EURO** for participants (before 01.07.2006) or **250 EURO** (after 01.07.2007)

● **100 EURO** for Ph.D. students and direct collaborators.

Lunches, gala dinner and proceedings are included in the fees.

LOCATION

The conference will be held between **12-15 September 2007** at the Faculty of Chemical Engineering and Environmental Protection, "Gh. Asachi" Technical University, Bd. Dimitrie Mangeron 71 A, 700050 Iasi, ROMANIA.

Iasi is the most important historical, economic and cultural center in the region of Moldavia and one of the oldest cities in Romania. Archeological investigations attest the presence of human communities on the territory of Iasi since prehistoric age, but its certification in official documents dates from the XIVth Century. Having its first higher educational institution established at the beginning of the XIX Century, Iasi became the first Romanian city to have university education in 1860.

At present, 5 state and 8 private universities are functioning in the "City of the 7 hills" as Iasi is known.

Located about 450 km from Bucharest, Iasi is easily accessible by plane, train and car. (For more details please visit the conference website or contact the conference secretariat.)

ACCOMODATION

The organizing committee will reserve rooms for the period of 12-15 September 2007, in several hotels (IV, III, and II stars) in Iasi, as well as in the University Hostel.

SOCIAL PROGRAM

For the participants, a whole day trip in the North of Moldavia is organized on request (the costs are not included in the conference fees).

Department of Environmental
Engineering and Management
Faculty of Chemical Engineering and
Environmental Protection
